Murphy's Law make some of the best NYC hardcore to be found. Their new live DVD "Up With Us... Down With Them" shows just how good they are at churning out Black Flag style punk. What this DVD makes obvious is that Murphy's Law can move a crowd to joyful violence. The pit is always on the brink of out of control, and rabid fans scream every word while moshing frantically.

"Up With Us... Down With Them" shows the band live at two different venues. The audio and video quality are excellent. Murphy's Law has spent over twenty years building their following, and the crowd is crazy at both shows. The band rips through crowd favorites like "Head Kicked In" and "Ska Song".

Any hardcore fan should find "Up With Us... Down With Them" an excellent purchase. Eighteen tracks plus bonus features make this a good deal, especially when you consider the high quality audio and video, not to mention the quality hardcore Murphy's Law is known for.
