

TURBO 'THE HISTORY 1980-2005 DVD'
(METAL MIND PRODUCTIONS/MUSIC VIDEO DISTRIBUTORS)

I do not know why how it is everytime possible, but the Polish label METAL MIND PRODUCTIONS is by far the best DVD label at the moment, because each DVD release has a playing time of at least 3 or 4 hours and it's all high quality footage what we get to hear and see. Also this DVD of the Polish band TURBO is a very enjoyable DVD. This band is a legendary Metalact, which has been active for a very long time and this DVD celebrates their 25th anniversary. The band started as a Melodic Metal act in the NWOBHM style of MAIDEN, with a little SCORPIONS type of balladry through the years before turning into a Power Thrash Metalband at the end of the 80s/early 90s. However, 2005 is seeing them as a True Metalact, which can be seen and heard during the full concert as recorded in Katowice/Poland in 2005. The bonus material is incredible, because extra included are a dozen rare videoclips and all sorts of live videos from the band of the past 25 years. A true winner for every fan of the band. In total 180 minutes running time, so definitely worth your money and a good first try out of this legendary Polish Metalband in case you never heard of them before.
