

Rock N Roll Experience - March/April 2006

A Ray of Sunshine DVD

Rating: 4 stars

Before I go too far, I wanna make sure that you understand, this is NOT the thrash band Exodus...it's a classic rock act called Exodus! The band is a mix of YES, ELO, & Styx & they are a classic rock act that plays some well crafted songs that I can't even pronounce! The dvd is very well put together..the footage is clean & clear, the audio mix is good for a live recording, & there's alot of bonus stuff on here too! It's interesting to know that there is another band named Exodus, that plays so well..when I think of Exodus, I primarily think of the thrash legends that wrote the song "Toxic Waltz", but now I also think of a cool classic rock band.
