

**EXODUS 'A RAY OF SUNSHINE DVD'  
(METAL MIND PRODUCTIONS/MUSIC VIDEO DISTRIBUTORS)**

I had not heard of this band before, but they are a legendary Polish band from the late 70s/early 80s, of whom now a DVD is available, which contains 135 minutes of footage, basically informing you completely about the band. EXODUS is of course not the American Thrash Metal band, but this Polish EXODUS was playing Progressive Rock, not quite heavy, but still for the GENESIS/YES fans among us an interesting band to check out if you have not heard them before. This DVD contains a very nice concert from 1980 as well as lots of extras, such as videoclips and interviews. Definitely a DVD to own for the progfans among us.
