THE TOY DOLLS Our Last DVD? DVD

Very rarely does a band come along that just blows you away, & I will admit that this DVD by the Toy Dolls did just that! The band is a 3-piece rock n roll band that crosses genre's..they play some rock-a-billy style stuff, some poppy stuff, some punk, & straight up rock n roll! The bands guitarist comes out like a jack in the box & during "Lambrusco Kid", he takes a giant inflatable wine bottle & opens it towards the crowd & it shoots confetti! I nejoy a band that offers both visuals & good music, & The Toy Dolls are quite unique! I might also point out that there is some serious guitar playing on this cd! Olga is a killer guitarist & they play some goofy covers throughout their set that remind me of the Ventures..very well crafted, yet there's that ever present sense of humor! I would easily call this a must see dvd! If you'd like to get a copy of this dvd, you can get it at www.musicvideodistributors.com
