TIAMAT
The Church of Tiamat DVD

Rating: 6 Stars!

Tiamat is an interesting group...they originate from Sweden & initially the band started out as a death metal band, that eventually evolved into a mix of Black Sabbath meets Rammstein meets HIM! The band originally had the traditional death metal vocals which were nothing short of screams, & as the band progressed, their vocals became clean & their music actually took on a more gothic vibe & feel. This DVD really captures the essence of Tiamat...the concert part of the DVD was recorded in Poland on the bands most recent tour, & love the bonus footage, which includes interviews, promo videos, & rare concert footage...there's even a clip from the bands first ever live show! The promo video for the song "Cain" reminds me alot of Ozzy Osbourne..the bands singer kinda mimics Ozzy, & their guitarist plays a Zakk Wylde bulls eye Gibson, which is absolutley identifiable with Zakk Wylde! I think their best promo video is "Do You Dream of Me", which is artsy & interesting & fun to watch! The Concert footage looks & sounds amazing..it's mixed in 5.1 & this is a MUST HAVE for the Tiamat fans, because it wraps up everything you'd ever wanna know about the band into one cool piece that's about 3 hours long!
