Short Cuts

Dwarves

FEFU: The DVD (Greedy Worldwide/Music Video Distributors)

By Jason Budjinski

Oct 26, 2006 [Print Article](#) | [E-mail to a Friend](#) | [Paginate This Story](#)

When the Dwarves signed to Sub Pop Records for 1989's *Blood Guts & Pussy*, the Chicago-born/California-bred group burst on the West Coast underground like a runaway orgy. Equal parts garage, grunge, and gore, the Dwarves quickly proved that *Blood Guts & Pussy* was more than an album title – it became the lynchpin of the band's live shows. Now, in 2006 – 13 years after the band faked the death of its masked guitarist, Hewhocannotbenamed – the Dwarves' *FEFU: The DVD* carries on their raunchy aesthetic. The disc includes "clean" and "dirty" versions of the "FEFU" video (appropriately featuring the Suicide Girls), as well as a behind-the-scenes look at its production, live footage, interviews, and other bits of Dwarves-like mayhem. There's *blood* (stage blood, at least), *guts* ("FEFU"s not exactly bubblegum pop), and, ahem, lots of *pussy* (courtesy of the naked Suicide Girls). Don't expect to see this on MTV anytime soon or on the increasingly censored YouTube, for that matter. *FEFU: The DVD* is something you gotta buy to see. And you *will* get an eyeful.
