Heavy porn rock pioneers **Genitorturers**, the self-proclaimed "world's sexiest rock band," are known for their insane on-stage antics and performances. That's what fans should expect on the group's Live In Sin DVD, which will arrive on Oct. 30 via MVD Visual.

The Orlando, Florida band's first concert DVD includes 10 live music videos, including three unreleased versions of new songs that will debut on Genitorturers' 2008 album. Bonus material includes a rare Japanese promotional video for the group's Sin City LP, outtakes from the band's Hustler magazine shoot and tours, interviews and mud-wrestling.

Genitorturers

The band have posted their "Public Enemy #1" video on their [website](http://www.genitorturers.com).

Singer and debauchery instigator **Gen**, bassist "**Evil D**" **David Vincent** and guitarist **Bizz** released their 120 Days Of Genitorture debut in 1993 and have built a cult following since then.

MVD Audio will release the group's 2003 Flesh Is The Law album in North America for the first time on Oct. 30. The eight-song record includes previously unreleased material, live tracks recorded in Japan and "Lecher Bitch," which was featured in the Vampire The Masquerade: Bloodlines video game.

Here are the tracks on Live In Sin:

- "Cum Junky"
- "Devil In A Bottle"
- "Tell Me"
- "Liars Lair"
- "One Who Feeds"
- "Asphyxiate"
- "House Of Shame"
- "Flesh Is The Law"
- "Lecher Bitch"
- "Public Enemy #1"
