GG Allin Will Soon Be Hated All Over Again

Wednesday June 20, 2007 @ 05:00 PM

By: [ChartAttack.com Staff](#)

GG Allin may be the single-most singer in history to be known more for his antics, both on and off the stage, than his musical abilities.

GG Allin

The controversial hardcore punk performer, who threatened numerous times to kill himself on stage but who died alone of a heroin overdose at age 36 in 1993 in an apartment on New York City's lower east side, will be brought back to life in a way with MVD Visual's Aug. 7 release of a special edition DVD of the 1994 documentary, *Hated*.

Allin (whose legal birth name was **Jesus Christ Allin**) became notorious for performances that included peeing and shitting on stage, then rolling around in and consuming it, self-mutilation, performing naked with a banana in his ass, demanding blow jobs and attacking audience members. He also spent significant time behind bars for a variety of crimes.

Hated features both concert and interview footage. It was completed just before Allin's death, and the singer had to break parole to appear in it. The documentary was directed by a New York University film student named **Todd Phillips**, who later went on to become the Academy Award-nominated director of such comedies as *Road Trip* and *Old School*.

The new DVD version features these bonus materials: fan-created artwork; an offer for a poster of Allin's portrait of serial killer **John Wayne Gacy** (whom Allin visited in prison); temporary tattoos; interviews with Allin's brother, mother and bandmate **Dino Sex**; three music videos; and commentary tracks by Phillips, **Merle Allin** and Sex.

Here are the songs on *Hated*:

- "Die When You Die"
- "Gypsy Motherfuckers"
- "Fuck Authority"
- "Suck My Ass It Smells"
- "I Want To Kill You"
- "Carmelita"
- "Bite It You Scum"
- "When I Die"
- "Highest Power"
