# DVD Review: TAD Busted Circuits And Ringing Ears

February 16th, 2008 by Simon Barrett

Tad is, or was a Seattle based grunge band. What is grunge? That is a very good question, I guess you could call it a style of Punk, yet it is very distinctive in its own right. Formed in 1988 they lived life to the max. These guys **kaę**ve how to have fun.

More Visitors
Busted Circuits And Ringing Ears, is part documentary history of the band including some priceless archival video footage, and part concert. The opening sequence for examp (100106 februig) (thats polite for overweight) founder member Tad Doyle sat on a kitchen chair that has been bolted to the roof of a Station Wagon hurtling

down the freeway. I have been to a number of Air Shows, and I have seen wing walkers, Tad is basically Wing Walking on station wagon! The legality of all of this is somewhat dubious for some interesting footage.
