## TAD "Busting Circuits and Ringing Ears" | MVD Visual

Sex, Drugs, and Rock N Roll with a side dish of lawsuits and in-band turmoil, Busting Circuits and Ringing Ears chronicles the band's rise and eventual disintegration. It contains archival footage spanning the band's entire career, from the club days to the arenas. The documentary also utilizes insightful interviews from some of Seattle's most respected musicians including Krist Novoselic (Nirvana), Chad Channing (Nirvana), Kim Thayil (Soundgarden), Mark Arm (Mudhoney), Mark Felchtone (Zeke), and many others.

The audience will be taken on a musical journey from the highest of the highs, to the bands all time lows. It's truly a frustrating story of the band's repeated bad luck juxtaposed with a close-up look at their influential musical approach. As Charles Cross (author/writer) states in the movie, this is a story of, "What could have been as opposed to what was".
