VIDEO: Trailer and more details on the upcoming TAD DVD release

Back in November Ear Candy broke the [news of an upcoming DVD documentary](#) about one of grunge's most unsung heroes, TAD.

More details have been released about the film, "Busting Circuits and Ringing Ears" which comes out Feb. 19. But before I rewrite (or just copy/paste) what is in the press release, view the trailer for the film below:

You can also hit up the film's MySpace page by [clicking here](#). While you're on the MySpace page crank up your computer speakers and play the TAD really loud to annoy that co-worker in the cubicle next to you who always talks too loud on the phone.

And now a word from the press release:

Some General TAD Facts...

- ** Banned from MTV for being too ugly
- ** Sued by Pepsi
- ** Sued for using a found photograph for their album cover. (sued by the people in photo)
- ** Influenced Nirvana
- ** Was dropped from their label for using a picture of Bill Clinton smoking a joint as the bands tour posters.
- ** Pioneers of the Grunge Movement
- ** Toured with Alice in Chains, Soundgarden, Primus, and Nirvana.
- ** Albums were recorded by producers Butch Vig, Steve Albini, J Mascis, and Jack Endino
- ** Also the movie includes never before seen pictures from the TAD/Nirvana 1989 EURO Tour (Nirvana Opening Act)
