The Queers have a new DVD called *The Queers Are Here* that will be released on 2/20/07. I have been a fan of The Queers since about 1995. These guys are fast, raw, straight-up punk rock. I fell in love with them around age 17 and even though I am now 29, they can still make me bop my head and sing along. This DVD is a great way to celebrate the queers last 20+ years...and they're still going strong. Joe King has always stood by his punk rock morals and I have to respect him for that. He's been around the block and continued doing what he loves, without, "Oh no!" "Selling out!" It doesn't get any better than this kids.

Go pick up a copy of *The Queers Are Here* when it is released by **MVD Video** and enjoy the two classic Queers tracks below.
