NILS LOFGREN AND FRIENDS LIVE ACOUSTIC

MVD Visual VR4552 ()

For many people Nils Lofgren has always been seen as one of the great side men putting in stints with Neil Young and of course Bruce Springsteen. Many however seem to forget that Nils Lofgren is a fantastic solo artist in his own right and has a back catalogue of solo releases dating back to the mid seventies.

This DVD captures Nils in fine company along with friends and family including his former Grin bandmate and brother Tom Lofgren not to mention some of the other Lofgren siblings Acoustic Live manages to capture perfectly the man and his songwriting talents which while obviously not as platinum coated as Neil Young or Bruce Springsteen are just as interesting at times. Amongst some of the best Nils Lofgren songs we have included here the likes of Mud In Your Eye, Keith Don't Go, The Sun Hasn't Set, Moon Tears, No Mercy and Like Rain. If that wasn't enough to attract the long time Nils Lofgren fan I don't know what would bring that particular fan to the table!

More interesting is I think the potential to bring other people who perhaps have previously been aware of the name but never actually followed that up and listened to Nils Lofgren. For those people then this stripped down affair will be a good introduction to the song writing skills of the man who for me at least has written a great many songs over the last thirty plus years and who by rights should be a huge name alongside those who so obviously respect his skills as a musician to employ him as what is considered the best side man in the business.

This DVD is a beautifully produced and realised live performance which perfectly captures Nils Lofgren amongst his family and friends and performing in a relaxed style which not only highlights the mans stage performance but also the quality of his material which as any long time Nils Lofgren fan will tell you has never flagged
