

THE MENTORS- 'EL DUCE VITA' DVD

Wow, the fucking MENTORS...what can I say??? This is something very special indeed and it's crazy that this collection of videos, interview-clips and live footage is just getting an official release now! This is well overdue!! This is of such importance it's unreal! This DVD presents the MENTORS home-made videos of 'On The Rag', 'Forty Ouncer', 'Golden Showers', 'Donkey Dick', 'When You're Horny, You're Horny', 'All Women Are Insane' and 'Sex Slave' and even if you're unfamiliar with this band...you know what to expect from those titles...you got it...some serious degeneracy!! And three live sections from Texas, Minnesota and California. The Mentors were so unique in the way that they had this real strong humor running through their material and for me, that actually adds to the danger...it seems to make this fucked-up depravity in some way accessible and that's fucking genius!! Their videos shock but they also amuse and if you compare that to say, GG ALLIN, it's a very different approach, GG wasn't about humor at all, he was about absolute destruction and hate but the MENTORS are half and half...they certainly want to provoke but with hilarity and that made them very unique. El Duce is a real character and he always reminded me of a more approachable GG...this is an absolutely essential DVD...you will be blown away, sickened and amazed. This fucker has everything you need for your sleazy, corrupt mind: bloody tampons, vaginas dripping blood, pissing and ejaculating on girl faces, masturbation, oral sex, animals fucking, drug use, tons of nakedness, and of course not forgetting the rockin' music and it's importance in fusing metal and punk rock. This is an absolute feast of corruption and it's just so much fun. El Duce, Sickie Wifebeater and Dr. Heathen Scum are fucking hilarious. I love the rawness and home-madeness of these videos and they really are good videos, they are thought up and edited really well and I got nothing bad to say about this DVD...this is awesome and a real fucking treat...please do yourself a favour and get acquainted with the MENTORS if you are unfamiliar with them...start with this DVD...you will either be repulsed or hooked and if you're repulsed you're a fucking half-measure punk...have some serious fucking fun with this, this rules.
