

Hard Vision

GRAVE
Enraptured DVD
(MVD)
by *Chris Forbes*

I can't take these DVD's anymore. Grave will slay, crush, maim and destroy you. 18 tracks of low tuned, brutal death metal as only this band can do. The production is perfect down to the last bloody death metal riff. This is not for the weak minded and blows away all those groove death metal bands. The cameras lets you feel as though you are there. You also get bonus videos as well. Info: <http://www.musicvideodistributors.com>
