NASHVILLE PUSSY

Live In Hollywood

(MVD Visual)

by *Chris Forbes*

This is what rock n roll should be. This is the perfect modern dirty, down home, ass kickin, take no prisoners rock n roll band. Over 20 songs played down and dirty with a boogie edge the way rock n roll should be. The camera work is excellent and the band sound tight as balls and even though I had only heard a few songs prior, now I am easily a fan of this band. You also get a bunch of bonus features including some other live stuff, interviews, etc. If your a fan of this band, this is easily a must have. This is rock n roll played to perfection. Excellent DVD. Info: <http://www.mvdb2b.com>
