Watch This: 'My Fleeting House - Tim Buckley'

105 minutes. Not rated.

Sixties' folkie Tim Buckley's career has been somewhat overshadowed by that of his son, Jeff. Both died tragically young. Tim was a great, if unfulfilled talent with an expressive, explosive voice that belied the fact that he was a not-very-tall, wiry man. That he never achieved much success is due to a number of reasons beyond his drug habit. Buckley could be quite stirring, as seen on "My Fleeting House -- Tim Buckley." The DVD is a first-ever collection of rare videos from Buckley's live performances, including 13 full-length songs. It also features interviews with Larry Beckett (co-writer of many songs with Buckley), Lee Underwood (Buckley's guitarist) and David Browne (author of "Dream Brother: The Lives of Jeff and Tim Buckley").
