## **TIM BUCKLEY - "MY FLEETING HOUSE" – DVD**

This long overdue tribute includes full song Buckley performances from British, American and Dutch television, 1967 to '74. Among them are his timeless "Song To The Siren" and "The Dolphin." Enlightening Interviews with Buckley, collaborators and biographer add layers. Buckley, who explored folk, jazz, rock and R&B textures, captivated listeners with his heavenly vocals. Like his son Jeff, also a sensitive, poetic singer-songwriter, Buckley died tragically early. This excellent DVD rekindles his magic.
