REVIEWS : VIDEOS: JESUS LIZARD, "THE JESUS LIZARD LIVE"

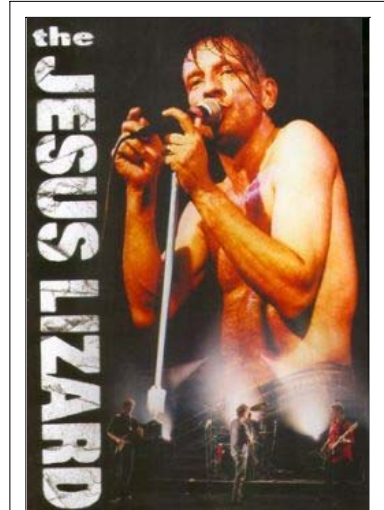

If you dig the Jesus Lizard, just buy this fucking DVD, okay?

Man... a reasonably high quality live DVD from Jesus Lizard at the height of their power... bliss. Basically this is a 14-song set taped in Boston sometime in 1994 shortly after the release of *Down*. If you didn't get to see the band during this period, this is as close as you will ever get. Vocalist David Yow is totally off his rocker here, flinging himself into the crowd over and over, miraculously managing to get most of his lyrics into the mic. As for the rest of the band, they are equally chaotic and would certainly be right there with Yow leaping into the crowd if it weren't for their instruments.

Also included is a lower quality 5-song set at CBGB in 1992. This one is even more chaotic and wild. Honestly, its more about spectacle than music for this set, but hell, it is quite a spectacle.

Jesus Lizard fans need this.
