Directed by [Eric Bess](#) from the album, *Half Truths & Hand Grenades*.

Ninetail played the Project Independent Pennsylvania State Invitational in 2007, a festival showcasing underground metal acts. Their work was included in a compilation CD leading to their eventual crowning as the "2008 Project Independent Featured Artist of the Year".

The video starts out promising, looking like a concept video of high yield investigatory tactics. It then turns into another cookie cutter warehouse video with some escape scenes interspersed. He pulled the pin but no explosion...
