Tank of Common Enemy Has Advice for the Eagles' Andy Reid

Do you miss the days when real hardcore punk existed? In other words, when there was no hope of a mega-record deal and a cushy tour bus to rest your head in? In other words, you had to do it all for the sheer love of being an outcast and rubbing authority figures the wrong way. Reading,

*Pennsylvania-based **Common Enemy***

*know exactly how you feel, and have just released an avalanche of vintage hardcore punk this past week in the form of **Living the Dream**. We had the chance to ask drummer Tank what he thinks about his Philadelphia Eagles chances this season.....*

GO EAGLES! As you can tell I'm a big time supporter of the Philadelphia Eagles. I think that they have and always had great potential. But, I think this season is going to be just like every other season. Seriously, come on Andy Reid, enough is enough! You're predictable; it's the same thing year after year. Mix it up a little bit! Throw the competition for a loop. Do some plays that they won't expect.

You have Michael Vick and Donovan McNabb, two great quarterbacks (both with flaws) but that's beside the point. Use them both in the game. They won't know who to cover. Come on now! Throw the ball to show us they're worth the money. If Reid keeps using the same old tactics this season will play out the same as any other year, but if he comes up with some crazy new tactics our Eagles could fly to victory!
