Any movie that comes with a vomit bag is destined for greatness... or puking.

I didn't puke. But then I tried very hard not to watch many scenes. I know that's not good for a movie I am reviewing... but I seriously hate throwing up.

Graphic torture, [banned in many countries](#)

(<http://mvd2b.com/s/MarkOfTheDevilYackPackDVDAndVomitBag/DVD12-013>), a cult classic... what more need be said? Well, it's about a witch hunter, if that helps some too!

I recommend this film if not just for the free barf bag. It's definitely a great item for collectors.
