The Pink Floyd And Syd Barrett Story, a two-DVD documentary about the psychedelic rock pioneers, will hit stores on Sept. 18 via MVD Visual.

Syd Barrett

The profile of the eccentric musician and songwriter, who [died](#) in July 2006, features interviews with **Pink Floyd** members **Roger Waters, Dave Gilmour, Nick Mason and Rick Wright** as well as insights from former girlfriends, landlords, flatmates, producers, managers, friends and famous fans. It also offers rare early performance footage, including a show at the UFO Club and an appearance by former landlord Mick Leonard on "Tomorrow's World."

DVD extras include a 60-minute interview with Waters talking about Barrett, Gilmour talking about how Wish You Were Here was written about Barrett, longtime fan **Robyn Hitchcock** performing "Dominoes" and "It Is Obvious," and former **Blur** guitarist **Graham Coxon** performing "Love You."

Barrett left the band in 1968 after a psychedelic drug-induced breakdown. He formed the group and was part of it for three years.
