JESUS CHRIST: VAMPIRE HUNTER (Eclectic)

Any self-respecting horror fan should pick up this upstart micro horror mess just for the title alone.

Then again, if you think about it, who would you rather have on your side when you're up against campy bloodsuckers in bad goth outfits? As the title implies, the Son of Man raises holy hell when it comes to the unholy dead. It doesn't hurt when His sidekicks include a priest sporting a red-dyed mohawk and a hot saintly woman in a red lame jumpsuit.

Take it with a grain of salt and a pinch of holy water. This bit of 16 millimeter madness will sit up there with proudly with my statuette of Buddy Christ.
