

# ROCK STARS FOR HIRE

## **Lovedolls Superstar Fully Realized** (Eclectic DVD)

This is one hell of a DVD. The sequel to Desperate Teenage Lovedolls, this picks up where the other ended. With Patch Kelly becoming Patch Christ leader of a acid-damaged religious cult. The Lovedolls return with female styled punk rock. This movie is shot in Super 8 so the detail is raw and live. Take apart of this adventure of murder, drugs and punk rock. You can't kill a Lovedoll babe, because Superstars never die!
