Hubert Selby Jr - "It/Il Be Better Tomorrow" DVD - An interesting and encompassing portrait of this vastly underappreciated American writer who is best known for penning 'Requiem For A Dream' and 'Last Exit To Brooklyn'. Interviews with collaborators and friends are all testament to the positive spirit of a man who life dealt some tough cards to, and who created some of the more stark and disquieting fiction of the past 50 years. Examined through interviews with the man himself as well as excerpts from his books, the personality of 'Cubby' (as he was affectionately nicknamed) shines forth on this retrospective documentary that shines a bright light on his life and works that will live on.
