What they say: An Experiment involvi goes horribly wrong when Dr. Clark is fc two deranged thugs. But instead of killir REGENERATED MAN. And they better him mad!

What I say: This movie truly is an oddity. There is a lot working against this m science is laughable, and writing is all over the place but there is just something thrills and some nice stop motion effects. While not the greatest movie ever, I d

The bad news? The picture quality isn't that hot, the DVD looks sourced from a however.

All in all, a nice return for Elite Entertainment. Bring on Deadly Spawn!

Film: 7/10

DVD: 6/10
