ARTIST + digital underground

PRICE + \$19.95

When Digital Underground arrived on the international music scene in the late 80's the Oakland, CA hip-hop pioneers frenzied crowds with their eclectic energy, dancing and stage presence. Digital Underground: Raw Uncut, a DVD released in October follows members Shock G, Money B, DJ Fuze and their inevitable entourage through the course of the group's early career. Raw Uncut starts with the early years, "just kickin' it drinking fourties and gettin high, and talking about what we wanted to do," through the band's first single, Underwater Rimes and beyond. Following a successful American and European tour, the DU released "Doowutchyalike" on Tommy Boy Records selling 80,000 copies and making the song an underground hit.

The album, Sex Packets also on Tommy Boy was an instant classic. In the process of going platinum, "Humpty Dance," became DU's most iconic song. Through interviews, concert video and narration, the story unfolds effortlessly. Throughout this period the group was a beacon of creativity and improvisation, bringing their p-funk inspired beats and stage antics to a wide variety of fans. Tours of Europe, Japan and the US launched the group into the arms of an embracing international audience as they travelled with other hip-hop legends Public Enemy and Run DMC -- among many others. Raw Uncut is a DVD that is easy to appreciate, telling the stories of a classic hip-hop group through concert, interviews and documentary footage.
