Nth ENTITIES: Phil Manzanera Does music/Anna Le Does Poetry by manzanera

Critic's verdict?

Helen Brown: *When Jimi Hendrix's biographer Charles Shaar Murray heard Anna LeDoes reading a poem at a Hendrix-themed event, he turned to Roxy Music guitarist Phil Manzanera and said, "You should set that to music." Manzanera then created a range of murky backdrops for nine of LeDoes's poems. Her punchy, heartfelt delivery compensates for her more pretentious polysyllabic tendencies, but despite some lovely moments when mouth and music curl together in tenderness, it badgers and overwhelms the ears.*
