

Bite Me! Music + Fashion

"...I think music and fashion have always mirror each others as part of a creative context. They cannot be separate. I need fashion for my music, and I need music for my fashion." - Lady Gaga

Information Society – Land Of The Blind

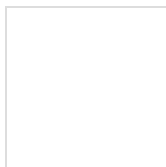

(Hakatak International)

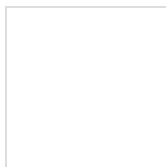

The original founding members of **Information Society**—Robb (Synths), Kurt Larson (vocals) and James Cassidy (bass, keyboards)—have reunited and are gearing up for the release of *Hello World* (due out this summer). In the meantime, their offering fans a little taste via *Land Of The Blind* – a 6 song EP featuring 5 remixes of "Land of the Blind" and a cover of "Me and My Rhythm" from the cult flick *Liquid Sky*. The EP blends the group's core sound with modern pop influences. The result is a number of electronic dance friendly tunes that will have you happily anticipating the day *Hello World* is unveiled. – **NIN**
