Alan Davey is best known for his work with **Hawkwind**. *Captured Rotation* is a mid-nineties solo project, but does not stray much from Davey's main project.

On this CD you will find some very interesting Space/Psych, on some tracks rhythmic and powerfull, on others more in an ambient mood. All the music on *Captured Rotation* is of Top level. Excellent compositions, great vocals, flawless interpretations and A1 production. For lovers of **Hawkwind**, **Ozric Tentacles** and "Space/Psych Rock" in general this is a must have. Many thanks to MVD for making this gem available again. Highly recommended.
