More Scantily-Clad Japanese Gravure Fun With Ayaka Uchiyama!

We told you we were stoked about [Studio Happy Chicken Pink](#) bringing gravure to America. They just keep on teasing us with hot Japanese babes bathing, bouncing, and running around covered in flowers. It's just what we wanted!

The clip above comes straight from "Ayaka Is Your Angel", starring Ayaka Uchiyama. As far as we can tell, Ayaka plays an angel (your angel, to be exact) who descends to do your bidding. But little did she know that you would demand baby oil, sensual underwater massages, and all manners of strip teasing. Poor angel!
