Anyone who knows anything about Japan probably knows about gravure videos. If not, all one needs to know is that it's basically cheesecake porn with pretty girls (often referred to as Idols) posing for a camera and wearing provocative outfits. Generally speaking there's not much, if any, nudity in these, and for the most part they are swimsuit model caliber photo-shoots, just set in motion. Studio Happy Chicken Pink has released some of these in America, and anyone who doesn't want to pay import fees can finally check them out!

Directed by H C K and photographed by Jarod Hodge, *Sundae Girl* is the premiere release for model Natsuki Kojima. This DVD comes with the disc featuring Natsuki's gravure shots and a 15-page photo booklet with some images from the sets. This release is broken up into three sections: Bedroom, Bathtub, and Shower. Viewers are given the option to watch them all at once, or individually from the main menu (though on my disc selecting Shower did absolutely nothing).

The first scene, Bedroom, features Natsuki lounging on a bed in a black and white dress. She slowly takes the dress off for the camera and eventually strips down to some innocent looking pink and white lingerie. From this point she continues to dance and sway on the bed, though quite honestly she was just moving far too much to be seductive. It was more distracting than it was erotic. After a few minutes Natsuki got onto all fours and propped her buttocks up for the camera. This was a little more seductive as she ran her hands over her body, occasionally playing with her undergarments. The scene gets cuter as a body pillow is thrown into the mix and she cuddles with it and smiles warmly for the camera. There's even a little pillow fight here! Kawaii!

The Bathtub scene opens up with Natsuki soaking in a tub full of bubbles and playing around with them. Throughout this scene the bubbles are strategically placed to tease viewers without giving up any nudity whatsoever. She twirls, swims in the bubbles, and blows kisses at the camera. What soapy dip is complete without a shower to wash away those suds? The Bathtub scene segues into the Shower scene, which features Natsuki rinsing off with nothing more than a bikini. The top eventually comes off, but she covers her breasts with her hands, so don't think this is a full shower. The closest there is to any nudity comes when she lathers some soap up, rinses it off, and by this point her bikini is *just* wet enough to allow something to show through.
