Boobquake post-postscript

Finally, video of Boobquake! Actually, it's not video *of* Boobquake, it's a video tribute *to* Boobquake. Whatever it is, it's beyond awesome.

Today's Girlwatcher Questionnaire: Mya Jane

You might have seen Mya Jane here and there online—[high time you got to know this uber-curvy model a bit better](#). She tells us her greatest strength is her big heart. She is really proud of her big heart. So if you ever meet her and you find yourself unable to look away from her 36DDD bustline, you can just tell her you are looking at her big heart. Yeah, that'll probably work.

Vindaloo hotness

Check out these enticing [covers from Playboy's Indian edition](#). Of course, there is no Indian Playboy—hey, some countries just aren't down with the bare boobies. Still, it's an enticing thought—as we've mentioned before, Indian women are a final frontier of sorts for Playboy, and an Indian edition would have some insanely hot pictures. Until then, these fakes are as close as we'll get. One or two of the images may be legit—they don't seem to mind it in India if a girl bulges in a small bikini, as long as she keeps the bikini on and doesn't kiss any men—but others are obvious manipulations. The butt shot of Shriya Saran was made from a Kim Kardashian nude—[see it here](#)—and Charmi as Supergirl was originally a [Lucy Pinder underboob masterpiece](#).

The Japanese are coming, the Japanese are coming

Just as we're praising Lux Alptraum for her taste in genuine Japanese gravure idols and JAV stars (in Tuesday's column), what's she doing? She's posting another one, [the legendary Jun Kusanagi](#). (We suggest you click over to Dynamix.net to peruse [1,506 pictures of Jun](#). Hope that's enough.) Lux also reports that some of this amazing and hard-to-find material will be coming to the States thanks to a company called Studio Happy Chicken Pink:

Bullseye these womprats

G4TV's *Attack of the Show* held a [Star Wars-themed charity car wash](#), and it looks like the best time this side of [picking up power converters at Tosche Station](#). We regret to report that [Olivia Munn](#) did not make an appearance in her [Slave Leia bikini](#). But [2007 Playmate of the Year Sara Jean Underwood](#) was there in a tight white Leia costume, and she scrubbed windows using her new breasts. Do not be alarmed if you feel [a great disturbance in the pants](#).

Gleam these cubes

Who wants to see two busty girls assemble a skateboard? Wait—before you answer that, remember that you didn't think you'd be impressed by [a busty girl](#)

[bowling](#). Thanks, [Guyism](#).

Did somebody say cookie?

Sometimes we feel like Lucille Ball at the chocolate factory when it comes to these British babes—too many of them coming down the conveyor belt, and they're all so delicious. Actually, maybe Lucille Ball isn't quite right—Cookie Monster is more like it. Must eat them all:

—[Rosie Jones and Natalie Blair](#), "Rosie & Natalie do Glee," from [Front](#). Om nom nom.

—[Pregnancy-engorged Iga Wyrwal, Rhian Sugden, Kelly Andrews and Melissa Debling](#) in "Big Boob Blowout," from [Nuts](#). Om nom nom.

—[Rosie Jones, Holly Peers, India Reynolds, Stacey Massey, Em Diamond and Daisy](#) in "Britain's Best New Boobs," from [Nuts](#). Om nom nom.

—[DJ Sam Cooke](#) in "Decks Appeal," from [Loaded](#). Om nom nom.

—[Madison Welch and Melissa D](#) in "Boobs in Bubbles," from [Zoo](#). Om nom nom.

—[Vikki Blows](#) in "Sex Fantasies," from [Zoo](#). Om nom nom.

Girlwatcher Linkdump

The Superficial (and numerous other blogs) has pictures of "Playboy model" [Jenna Bentley](#) popping out of her bikini. Jenna Bentley is a Playboy model? Not as far as we know (and we tend to know). More importantly—what do you think, fellas: *Should* Jenna Bentley be a Playboy model?

Latest smokin' hot babe to get naked for the cuckoo zealots at PETA: [Olivia Munn, who wants you to boycott the circus](#). Hey, we don't care if she gets naked and goes cuckoo for Cocoa Puffs, naked Olivia is a cause we can all get behind.

[It's Beyonce's areola](#). EVERYBODY PANIC.

[Lindsay Lohan on her back with her knees up at her chin, fuck-me stilettos in full effect](#). It is too easy to make a joke about this, so we won't.

The 2010 Cyber Girl of the Year is [Tess Taylor Arlington](#). A man should know this sort of thing.

Happiness-inducing headline of the week: "[Porn Star Rescues Man From Jail Sentence in Puerto Rico](#)." Just being rescued from a Puerto Rican jail is a good thing—when your liberator is a porn star, you gotta think somebody up there is looking out for you.
