<u>CD Review: The Fall – Live At The Knitting</u> <u>Factory</u>

October 6th, 2007 by zzsimonb

Put on your hard hat and get ready for war! The Fall are high energy, high adrenalin rock band. This live recording shows the band at their very best. This recording was made in Hollywood in 2001 and was previously only available on the DVD Access All Areas. The band performs a number of Fall classics including Cyber Insekt, Mr. Pharmacist and Bourgeois Town.

Somehow they manage to infuse a middle eastern flavor into the manic music. This fusion of east and west is just a wonderful adventure.

The Fall have gone through a huge number of line up changes over their career, yet have somehow maintained their distinctive style. The CD is fun, but this is a band that is best appreciated live.

Take The Fall out for a drive from MVD.
