## Jastreb - "Jastreb" CD

Yikes! This new project debuts with a searing 38-minute, single-track attack. Billed on their website as "New Kraut Occult", the sound here is more of a heavy-handed psychedelic doom rock vibe, with repetitive Krautrock elements. The track, titled "Yggdrasil" (after the Norse tree that joins Earth, Heaven, and Hell), is a scalding guitar-and-drums based mantra that will simultaneously appeal to fans of drone-rock like Spacemen 3 or doom-metallers alike.

There's not a lot more to say about this, but the track opens up a bit halfway in, allowing some breathing room before it launches into a seething, fiery finale of raved-up astral entropy. Brilliant, transformational, and physically potent work here.

(Hau Ruck!)
