“Extraordinary.”

GOLDMINE

“JD Malone is the young artist I’ve seen in this part of the world who is most oozing with charisma. Great singer, great songs, great players. That’s a trifecta to draw to.”

MICHAEL TEARSON, SIRIUS XM

“Malone ... is an accomplished stylist, and the Experts ... provide cohesive folk-rock arrangements with the occasional hint of country, also suggesting the likes of [John] Mellencamp and [Steve] Earle. ... It certainly is good, and it is likely to be enjoyed by music fans who have been starved for this kind of mainstream rock since its heyday.”

IOWA PRESS-CITIZEN

“[JD Malone & The Experts] serve as a timely reminder that rock and roll was meant to be fun and that, when played as well as it is by these guys, it doesn't need to be anything else to justify its existence. These guys definitely love what they're doing and you'll find that you can't help but love it too. “
