This was a concert that was put together to help with the hurricane relief fund down in Florida. This was a classic rock night as you got Loverboy, Eddie Money, Twister Sister, Rick Derringer, Mark Farner from Grand Funk Railroad, and Dickey Betts of The Allman Brothers. I didn't like Michael Bolton who was on here, but his 1st 2 albums are kick ass AOR rock, which of course he doesn't do any songs from. The other bands still sound good and most have all or most of the original members. Wish Twisted Sister has more than 1 tune on here, but Loverboy and Eddie Money really stole the show for me. Portions of this Dvd will be channeled to Musicians For Disaster Relief so buy it and check out a kick ass concert to boot. Info:
