Hytest – Dishing Out The Good Times

Australia's Hytest most certainly do a good job of dishing out the good times on their album. With crunchy, sped up stoner riffs and a punchy rhythm section, they grab you by the arm and start running as soon as opener "9 Volt" kicks in and never look back.

While the riffs certainly qualify as stoner material, these dudes actually have more to do with rock 'n roll and punk than anything else. Whatever you want to file them under, "Dishing Out The Good Times" is simply a guarantee for a fun time with songs like "Goodbye" and "Crazy For You" which shows an obvious appreciation for Queens Of The Stone Age. Good stuff!

Score: 7 out of 10

About us:

PunkRockTheory.com is an online zine that has been around since 2000. We still love to force our elitist opinions on people and ask bands the dumbest things first. We currently have twelve restraining orders running against us and we are working on lucky number thirteen!

Recently our server crashed and we lost everything, including our whole database. Since work on the new site is taking a bit longer than expected, we're using this blog for now to post all the latest reviews and interviews.

We hope that's fine with you.
