**Buggirl - Dirt In The Skirt**

Self-financed

file under hardrock / aor

**Wim:** Clinton and Amber Spence are brother and sister who love each other very much. That has to be the case if you are condemned to each other in a musical duo. And that has been the case for quite some time now because this new album 'Dirt In The Skirt' is the third full length release of the pair. Between the endless touring they also released a couple of EP's. One of them I was reviewing one year ago, entitled 'Blood, Sweat & Beers'. I was not very enthusiastic back then. I must admit that this

CD suits me much better. Especially Amber has made some progression. She sings with much more confidence and strength but most of all, the songs simply are better.

An entire CD filled with tasty raw, uncomplicated, unpretentious heavy rock and roll. Nothing wrong with that I guess. Rockers like 'Hungry As Hell'; I like that stuff. The nice up-tempo 'Wasteland', the brilliant 'Master Of Disaster' and the swinging 'Fat & Greasy', they are all great songs. Of course there are also a couple of tracks that are crap. These songs are just a little too bland or too simple ('Dirt In The Skirt', 'Faster And Faster'), but because of the short length of the CD you even take the few mistakes for granted. Again, anyone who lives by the credo 'why do it the hard way if it can be done the easy way' will have fun with this album.
