

INCOGNITO: LIVE IN JAKARTA -

Irresistible, driving groove and large amounts of emotion is the formula of the British band

Incognito. Just how the band has perfected its live performance

around Jean-Paul Bluey

Maunick, the Mauritius-born singer and sound pioneer, was

demonstrated by this performance. Recorded live at the Java

Jazz Festival, Jakarta 2008, the audience was immediately

drawn into the non-stop stream of ideas and sophisticated variations, the interplay

of sounds from such a variety of instruments and the vivid flow of the rhythm. www.mvdb2b.com
