## DVD REVIEWS

**'Billy Cobham - Culturemix'**  
(Billy Cobham / DVD / NR / 2005 / Inakustik)

**Overview:** This is clearly underlined in the live recording made in September 2002 at the Paris New Morning club. *The New Morning - The Paris Concert* DVD contains twelve great tracks, where all of the musicians involved show themselves to be fantastic soloists.

**DVD Verdict:** This is the third Billy Cobham concert DVD that I have fallen in love with! Each one is better than the last. I love it. The audio and video are great. The presentation looks very cool. Billy is playing with a MUCH smaller kit here. But, in case you didn't know it, this guy knows how to play the drums. The music sounds fresh and the playing is flawless. The keyboardist looks like he's 15, but does a great job. They are all very good. Billy, of course, is phenomenal! Fast, furious, and dazzling as usual. You won't be disappointed with this LONG concert disc. This is a Widescreen Presentation (1.85:1) enhanced for 16x9 TVs and comes with the Special Features 'Soundcheck Sketches.'
