Win 'José Feliciano Band - The Paris Concert' DVD!

This is the first DVD ever released by José Feliciano!

Recorded in High Definition at the New Morning Club Paris in August 2008, it was a thrill for the audience to welcome 6 time Grammy Award, Guitar & Singer great José Feliciano, backed by his superb 5 piece band.

Throughout this compelling performance, combining effortlessly flamenco, bossa nova, pop and jazz influences with blues and rock lead guitar inflections, José delighted his fans with stunning interpretations of all times hits such as Purple Haze, Sunshine of Your Love and Rain.

If you would like to win your own copy, and you think you know all there is to know about the man himself, then just answer this easy question: While in high school Jose became a fixture of the Greenwich Village coffeehouse circuit, eventually quitting school in 1962 in order to accept a permanent gig in a major American city; a contract with RCA followed a performance at New York's Gerde's Folk City, and within two years he appeared at the Newport Jazz Festival. But, where was that "major American city" that I referred to above?!

Send me your answers and if you're correct you'll be in the running to win one of these new DVDs. Just send us an e:mail here before April 15th with your answer and the subject title **CONTEST: JOSE FELICIANO DVDS** to:
