DVD Review: Jose Feliciano Band – The Paris Concert

This concert released from guitarist and singer Jose Feliciano was done in front of a live audience in Paris France, at the New Morning on August 5, 2008. The DVD, *Jose Feliciano Band – The Paris Concert* was released in May of 2009. It was a treat for the New Morning audience to welcome Jose Feliciano who is a 6 time Grammy Award winner. He is backed by his awesome 5 piece band in this fantastic concert.

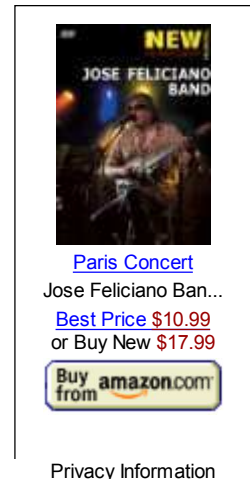

Jose managed to combine flamenco, bossa nova, pop and jazz influences with blues and rock lead guitar inflections which absolutely delighted his fans with stunning interpretations of some of his all time hits such as *Purple Haze*, *Billie Jean* and *Rain*.

Jose Feliciano has turned these standards into jewels of musical groove so irresistible that it is almost impossible to separate them from the original versions. As Jose puts it, "If you can't interpret a song better then the original, don't do it."

This DVD includes a list of 12 different tracks that everyone should enjoy completely. Some of the other tracks include *Chico and The Man*, *Crazy Heart*, *Come Fue*, *I Got a Woman*, *If You Don't Know Me By Now*, *Money*, *Sunshine of Your Love*, and *Light My Fire* along with others as well.

If you are a fan, you should enjoy this DVD *Jose Feliciano, Band – The Paris Concert*. If you want to buy your copy just click on the Amazon link at the top of this review and it will take you right where you want to go to purchase it. I don't think you would be disappointed.
