

Johnny "Guitar" Watson - *In Concert* 3/4

O's Notes: Johnny was an excellent entertainer based on funky blues and R&B. He died in 1996 while on a comeback tour. This DVD features Johnny live in Stuttgart, Germany during 1980. He electrifies the audience singing, dancing and of course playing his guitar. There are ten songs including the classics "Gangster of Love", "Ain't That A Bitch" and "A Real Mother For Ya". It is Johnny at his best.
