Jose Feliciano Band - The Paris Concert

This is the Blu-ray version of the first DVD ever released by Jose Feliciano! Recorded in High Definition at the New Morning Club Paris in August 2008, it was a thrill for the audience to welcome 6 time Grammy Award, Guitar & Singer great Jose Feliciano, backed by his superb 5 piece band. Throughout this compelling performance, combining effortlessly flamenco, bossa nova, pop and jazz influences with blues and rock lead guitar inflections, Jose delighted his fans with stunning interpretations of all times hits such as Purple Haze, Sunshine of Your Love and Rain. As today's uncontested No.1 Latin international crossover star, Feliciano has turned these standards, among many others, into jewels of musical groove so irresistible that it is almost impossible to separate them from the original versions.
