RECORDING INFORMATION

Voiceprint (JAVPBX05CD)

*Watching the Flags that Fly* was recorded in 1990 and is a collection of songs originally intended for a second **Anderson Bruford Wakeman Howe** release. Eventually some of the songs here appeared elsewhere for example 'Take the Water to the Mountain' appeared on the **Yes** album, *Union*. The bootleg, *Dialogue/We Make Believe* has most of this music and these tracks appeared as part of the boxed set *The Lost Tapes* in 2006, but the sound quality here has been improved for this release.

COMMENTS & REVIEWS

15 very good tracks by **Jon Anderson**. Very nicely written and his singing is at it's best. The sound is also very good but be warned... these songs are demos and the music actually sounds like computer generated midi files. Sampled percussions and keyboards are the basis to the music you will be hearing.

These are very strong tracks by **Jon Anderson** that would certainly merit a better production. Hopefully this will happen someday, but for now, *Watching The Flags That Fly* is your only option if you want to hear them.
