

My Breakfast with Blassie: Special Commemorative Edition (MVD)

Johnny Legend's truly odd documentary about the meeting of **Andy Kaufman** and wrestling legend "Classy" **Freddie Blassie** at a Sambo's in LA remains a three-legged dog of a movie nearly 30 years after its release; it's still two fascinating fringe kooks rambling endlessly about Elvis, herpes and breakfast, of course. Extras included raw footage trimmed from the original release, interviews with co-director Johnny Legend and clips of Blassie in his prime.
