### [My Breakfast With Blassie](#)

A true meeting of the minds, this 1981 parody of art-house hit *My Dinner With Andre* pairs comic [Andy Kaufman](#) with wrestling legend Freddie "King of Men" Blassie. Made at a time when Kaufman was juggling his *Taxi* stardom with a gaffe-filled wrestling career of his own, it finds the guys discussing their trade and handling some pushy fans over scrambled eggs. Sounds like a simple situation, except Kaufman somehow turns an L.A. diner into a three-ring circus of wacky chaos.

**Extras:** The filmmakers explain how it all came to pass, and there's plenty of outtake footage included with the film.
